### REMEMBER THE Hibernian ball to-night.

**SOMETHING NEW.**—A new thing in jolly glasses at Hartman's. 67-7-10-11.

At the day boarders in the city can be accommodated at the St. Charles hotel, with first-class board at second class rates. 79-4-10-11.

**CROQUET.**—Just received by W. B. Rockwell & Co., a full line of croquet, ranging in price from \$2 to \$5 per set. 61-7-8-31.

**D. ANKER & Co.** are just receiving the largest and best assortment of saddles, bridles, harness, etc., ever brought to this city.

**THE BALL.**—The Hibernian fire company's ball, at Locust Grove this evening will be well attended; a good time is anticipated.

**D. ANKER & Co.** are just receiving the largest and best assortment of saddles, bridles, harness, etc., ever brought to this city.

**THE PRIZE TROUPE.**—We understand the Fanny B. Price theatrical troupe will return to Cairo some time this fall, and play a two or three weeks engagement.

**COTTAGE FOR RENT.**—No. 32 Tenth street. Good clean; rooms all on first floor. Rent \$20 per month. 52-7-4-61. C. LANE, Agent.

**ALBA IS HAPPY.**—Alba is happy for the fifth time. It is a girl and weighs ten pounds. Dr. Blaw was in attendance and Alba declares he is the best hand in the business.

**FOR RENT.**—House on corner Eleventh and Walnut streets. Large and roomy, good doors and grounds. Apply on the premises or Arlington house.

**WANTED.**—At the St. Charles hotel, immediately, two stout, husky women to work in the laundry. Liberal wages will be paid and steady employment given. 65-7-9-31.

**REMEMBER THE Hibernian ball to-night.**

**PHOTOGRAPHS.**—For the next sixty days Wm. Winter will make the best of photographs at \$1 per dozen. This is a rare opportunity for those desiring work in this line. 47-7-8-301.

**LOST.**—On last Saturday, at the park or between Tenth and the park, a gold, with just cross, earring. The finder will please leave it at this office and be suitably rewarded. 55-7-9-1.

**REMEMBER THE Hibernian ball to-night.**

**THE CHAIN GANG.**—Jailer McCarthy, with his gang of jail birds, is doing good work digging gutters and leveling up the streets in different parts of the city. The chain gang could not be employed in more profitable business.

**TO-DAY.**—It should not be forgotten, that the regular weekly sale of tobacco at the Planters' warehouse, will take place this morning. There will be a large quantity of the various grades offered. Sales to commence at nine o'clock.

**THE PERRY HOUSE.**—Thomas Bros., owners of the Perry House, are expending considerable money in repairing and placing it in good condition. As yet we are unable to state for what purpose the house will be used when the repairs are completed.

**REMEMBER THE Hibernian ball to-night.**

**BURNED.**—Persons who came down the Illinois Central yesterday, say that an axle, not yet harvested, between Carbondale and Anna, caught fire the other day from a passing engine and the cars were entirely destroyed before the fire could be checked.

**NEW POSTAL CARS.**—The Illinois Central railroad company have placed three new postal cars on this branch of their road. They are entirely new, and constructed on a new and improved plan; and are much more convenient and in every way better than the old ones.

**EARTHQUAKE.**—A few minutes before four o'clock yesterday afternoon an earthquake, the severest shock felt here for many years, occurred. The motion was from east to west, but lasted for only a few seconds. No damage was done, but a good many people were badly scared.

**DIED.**—Thursday, July 9th, 1874, of consumption, Chelsey Wah, aged 24 years. The funeral will take place this afternoon at 11 o'clock, from the residence of the deceased, Washington avenue between Thirtieth and Fourteenth streets. Friends of the family invited to attend.

**DANGEROUS.**—Within the last few days several teams, engaged in hauling sand from the bar formed on this side of the Mississippi river, a short distance above Bird's Point, have been routed in the quicksand and came very near being lost.

Teamsters, hauling sand from this place, should be very careful not to get too far out on the bar.

**BAD ROADS.**—The "corduroy" on the road leading from Cairo to Unity and Goose Island is in an almost impassible condition, and unless repaired soon will be as far gone as to be beyond repair, and necessitate the construction of a new road. The county commissioners should look to this matter at their earliest opportunity.

**DOGS.**—Nearly every newspaper we pick up contains something on the dog question, and, without a single exception, all advocate the extermination of the worthless things. Several persons have died recently from the effects of hydrophobia, which fact has brought about the agitation of the dog subject. Cairo has a few dogs left that she could spare without inconvenience.

**PARLIAMENTARY.**—Alderman Halliday gave a resolution in the city council, Alderman Sapp moves to adopt it. Alderman Nellis seconds Alderman Sapp's motion, and then the other aldermen may discuss it. To get a matter before the council, three of the ten members must be in favor of its adoption and say so. According to parliamentary law the member who presents a resolution is its mover; but we do things differently in our council. Our council is a law and a whole volume of ordinances unto itself.

**REMEMBER THE Hibernian ball to-night.**

**THOSE INFERNAL WHISTLES.**—Alderman Halliday knew, when he introduced his anti-steamboat whistle blowing resolution, that he was doing an act for which he and several other citizens would rise up and call him blessed. But, by the way, what has become of the ordinance passed a few years ago, prohibiting such blowing? Was it repealed? No matter, a new ordinance won't hurt even if the old one has been forgotten. The ordinance committee work for nothing, and we publish all ordinances for the same price; a new ordinance will therefore be a very cheap affair. Besides, we are almost certain that it will require two ordinances to induce the steamboats to not whistle at our wharf. Steamboats are very perverse things, when they have steam up. They have read the declaration of independence, and they believe blowing their whistles is one of the inalienable rights mentioned in that instrument.

**GENUINE PARSIN INSECT POWDER.**—Is the flowers of (ground) of Pyrethrum Carneum, a plant growing at a high elevation upon the Caucasus mountains and possessing in a singular degree, the quality of first stuffing and then killing insects and vermin of every kind, while at the same time it is harmless to man and animals. A teaspoonful of the powder blown upon live insects or a hot iron will expel every insect from the house without producing any unpleasant odor. Heretofore it has only been sold in small bottles and at extravagant prices. Barclay Bros. have received a pot of the genuine powder, which they sell by the ounce at a reduced price. Call at either of their drug stores and get an ounce and try it. 7-2-2w.

**RESOLUTIONS OF RESPECT.**—At a meeting of Alexander Lodge, No. 214, I. O. O. F., held on Thursday evening, July 24, the following preamble and resolutions were adopted:

**WHEREAS,** Our brother, Anthony Eschbach, has been removed from the fellowship of this lodge by death; therefore, Resolved, That in the untimely death of Brother Eschbach, struck down without warning by the hand of an assassin, we recognize an impressive illustration of the warning that in the midst of life we are in death—that the living of today becomes the dead of tomorrow.

**Resolved,** That in our lamented brother's death, this lodge has lost a consistent member in whose character was reflected the elevating principles of our beloved order; society a good man, and his family a kind husband and considerate father.

**Resolved,** That we deeply sympathize with the disconsolate widow and son of our lamented brother, in their great sorrow, and will do all that we are instructed to do by the tenets of Odd-Fellowship to make smooth before them the path of life.

**Resolved,** That a page of the records of this lodge be dedicated and made sacred to the memory of our late brother, Anthony Eschbach.

**Resolved,** That a copy of these resolutions be sent to the family of the deceased, and that they be published in the papers of the city.

**GAS.**—It always does so; it can't help doing so. That is to say, the city council will always face about gas, and waste a great deal of the article before it makes a contract with the gas company. During the past three months gas has been an important question with our aldermen, a question in which the gentlemen from the First ward have taken much interest, and in which Alderman Mathias has been unable to determine whether he saw more of Halliday than Taylor, or more of neither than the other. Poor, gentle and innocent Gerould, who counts far, but whose arithmetic is cursed by a host of gas consumers, has been making bids of every kind, but to no purpose. The council cannot use the gas in its lamps, an expression we use under pressure and protest. And now comes Alderman Halliday proposing to receive proposals from the gas company to furnish gas one or two years, and so forth. We have been told that the company has offered to furnish gas at figures lower than those paid by any city around us. Why, then, does the council hesitate? Does it want the company to work for nothing? We cannot understand why the committee of the council having this matter in hand and the gas company officers cannot meet and in half an hour either agree upon a price for gas or agree to disagree. Why there should be such an eternal clamor about so small a matter is surprising. We appeal to Alderman Walder and Sapp to apply their giant intellects to the gas question, and settle it at once.

**AT HARTMAN'S.**—All kinds of glass fruit jars cheap for cash at Hartman's. 67-7-10-11.

**PERSONAL.**—J. M. Hoely, assistant engineer of the Illinois Central railroad, was at the St. Charles hotel yesterday.

**Mr. C. W. Hequembourg** and bride have arrived in the city.

**Gen. G. B. Raim** was in attendance at circuit court yesterday.

**John W. Carter** and a party of ladies from Mount City, visited Cairo yesterday.

**D. A. White**, of Cleveland, Ohio, a representative of a prominent tobacco firm of that city, is in town watching his chances to purchase tobacco. He is stopping at the Planters' house.

**Among the arrivals** at the Planters' House yesterday were M. Slaughter, Memphis; S. N. Wolf, Cincinnati; W. Miller, Memphis; W. A. Aberton, Hales Point, Tennessee; H. Franklin, St. Louis; Henry Wilson, Vermont; Alex. Johnson, Louisville.

**THINGS HAVE CHANGED.**—Time has worked a wonderful change within the last few years. Steamboating don't pay now as it once did. There was a time, and that not many years ago, when pilots could demand three, four and five hundred dollars a month for their services; and, if the pilot was a "stealy man" and "knew the river" well it was seldom he was refused what he asked. In those days steamboats were the great carriers between the west, northwest and a portion of the east and the south, and most of the traffic between the sections named was carried on over the Mississippi and Ohio rivers. Then steamboats could demand and get living rates for the transportation of freight. There were no railroads to step in and say: "We will carry your freight for less than any steamboat can carry it." But it is now up hill work to make steamboating a profitable business. Through lines of railroads have been built, and the great bulk of the freight that once sought the southern market by way of the rivers now finds ready and rapid transit by rail. Steamboats can no longer regulate their own rates, but in almost every instance are at the mercy of the shipper and compelled to take what they can get. It is now an uncommon occurrence to hear of pound freights being carried from St. Louis to New Orleans for ten and twelve cents per hundred, and four cents, and at twenty-five cents a barrel. Steamboats don't make near as much money as they used to, and the captain who received his \$250 and \$300 per month, now takes \$100, and is glad to get that; and the pilot, who a few years ago would have turned up his nose at less than three hundred, now works just as hard and just as faithfully for \$75 to \$100.

**SCHENCK'S SEA WEEB TONIC.**—In the atmosphere experienced here during the summer months, the lethargy produced by the heat takes away the desire for wholesome food, and frequent perspirations reduce bodily energy, particularly those suffering from the effects of debilitating diseases. In order to keep a natural healthful activity of the system, we must resort to artificial means. For this purpose Schenck's Sea Weed Tonic is very effective. A few doses will create an appetite and give fresh vigor to the enervated body. For dyspepsia, it is invaluable. Many eminent physicians have doubted whether dyspepsia can be permanently cured by drugs, which are generally employed for that purpose. The Sea Weed Tonic in its nature is totally different from such drugs. It contains no corrosive minerals or acids; in fact it assists the regular operations of nature, and supplies her deficiencies. The tonic in its nature so much resembles the gastric juice that it is almost identical with that fluid. The gastric juice is the natural solvent which, in a healthy condition of the body, causes the food to be digested; and when this juice is not excreted in sufficient quantities, indigestion, with all its distressing symptoms, follows. The Sea Weed Tonic performs the duty of the gastric juice when the latter is deficient. Schenck's Sea Weed Tonic, sold by all druggists. 58-7-1m-6d.

**ASSIGNEE'S NOTICE.**  
All persons having claims against H. A. Hannon are hereby notified to present the same to me immediately, as all affairs of the concern must be settled by the 10th inst. B. F. BLAKE, 42-7-2-M Assignee of H. A. Hannon.

**MUSIC.**  
G. C. Boden, Director of Conservatory of Music, and Teacher of Vocal, Organ and Piano Music. Instruction given in all stringed and wind instruments. Elementary principles, thorough bass, harmony and counterpoint. Unprecedented inducements offered. Those wishing to secure his services will please apply at the Conservatory of Music corner of Twelfth street and Washington avenue. Pianos tuned and repaired.

**GROCERIES AT AUCTION.**  
I will sell, commencing on Tuesday morning, July 15, at 8 o'clock a. m., and continue from day to day until the entire stock of groceries, etc., are disposed of, at the store of Henry Hosenberger, on Eighth street, between Commercial and Washington avenues. The stock consists of coffee, sugar, spices, woodware of all descriptions, shell oysters, meat, etc. Also the counters and shelving, scales, and in fact everything that is kept or used in a first-class family grocery store. Sale without reserve. 52-7-1-2w. L. H. MYERS, Auctioneer.

**CHEAP LUMBER.**  
Desiring to wind up our partnership business, we are selling lumber at reduced rates—\$2 per thousand less than market prices. Having a large stock of logs on hand, we are prepared to fill all bills at short notice. We are selling sidewalk lumber \$200 per thousand, cash, delivered, and popular at corresponding figures. Mr. McMahy being no longer in our employ, we are authorized to take orders, collect bills or receipt for the firm. 62-7-8-1w. WALL & EXT.

**TRUNKS** bathing towels, bathing gloves, sponges, extra Bay rum, toilet powders, bottled at wholesale prices at Barclay Bros. 7-2-2w.

## COMMERCIAL.

CAIRO, ILLINOIS.  
THURSDAY EVENING, July 9, 1874.

The weather the first part of this week was the hottest of the season, but yesterday afternoon a slight shower visited us, making a decided improvement in the temperature. To-day has been cloudy and cool all day, and to-night there is every indication of a heavy storm from the northwest.

Cairo was visited by an earthquake of considerable force at 4 p. m. to-day, but aside from frightening a few nervous people, no damage was done.

The market in some of its branches shows a better feeling than at the opening of the week. Both wheat and mixed corn is firmer, and in more active demand. Corn meal is firm and active @ 3 50 and none in market. Oats are dull and quiet, very few in market and very little inquiry. Flour and eggs are very dull. Butter is scarce and receipts are readily disposed of.

## THE MARKET.

Our friends should bear in mind that the prices here given are usually for sales from first hands in round lots. In filling orders and for broken lots it is necessary to charge an advance over these figures.

## FLOUR.

The market is heavy and dull and stocks are large for the demand. Prices are unchanged and weak. Sales were 200 bbls various grades, 5 00 to 8 00; 800 bbls various grades, 4 00 to 7 00; 200 bbls various grades, 4 50 to 7 00; 225 bbls various grades, 5 00 to 8 50.

## HAY.

There is no hay offering. A few cars of choice would find ready sale, as there is considerable inquiry for it to-day. We note sales of 50 bales good mixed, 17 00; 1 car mixed delivered, 16 00; 1 car mixed delivered, 13 00.

## CORN.

The feeling in corn of all kinds is firm and the tendency in prices is to advance. The order trade has shown considerable improvement in the last few days. Sales were 1 car white in bulk on track, 70c; 2 cars white in choppers delivered, 70c; 100 sacks mixed delivered, 72c; 16 cars mixed in sacks delivered, 72c; 1 car white in sacks delivered, 72c; 5 cars mixed in sacks delivered, 72c; 1 car white in second hand sacks delivered, 72c; 2 cars mixed in sacks delivered, 72c.

## OATS.

The supply in market is very small, but fully equal to the demand. Prices hold firm but there is nothing doing. The new crop will begin moving soon and the prices will go down. We note sales of 3 cars northern in sacks delivered, 58c.

## CORN MEAL.

The market is bare and demand active. There was none in first hands to-day. Receipts would find ready sale at 3 50. We note sales of 100 sacks delivered, 3 50.

## BUTTER.

Choice butter is very scarce and wanted. Receipt of all kinds have fallen short of the demand and the market is bare. We note sales of 1000 lbs good northern, 20c; 200 lbs choice Southern Illinois, 20c; 2 pgs good Southern Illinois, 20c; 1 pgs medium, 15c.

## EGGS.

Plenty and dull. The weather has been so excessively hot that although eggs may be shipped in good order they arrive here in a damaged condition, and dealers are glad to sell them at almost any price named. We note sales of 200 dozen, 10c; 100 dozen, 8c; 500 dozen, 8c; 10 boxes, shippers count, 8c.

## POULTRY.

There is no demand for chickens or other poultry except for the local and retail trade and this is supplied by country wagons. Transactions have run light and consist of 2 cooped hens, 3 00; 3 coops young chickens, 2 50.

## POTATOES.

Not enough selling to establish quotations. Country wagons are doing most of the local business, and there is no shipping demand.

## PROVISIONS.

The demand for smoked meat and lard continue good and prices hold firm. Transactions are limited by lack of supplies. We note sales 1000 lbs clear side, 11c; 500 lbs clear side, 11c.

## FRUIT.

There is very little fruit coming to market and that little is more than is wanted. In fact there is nothing doing in fruit at all outside of oranges and lemons, except in the blackberries that are brought in buckets and sold on the street by peddlers.

**PRACTICAL WATCHMAKER.**—Mr. J. J. Stelzer, a practical and thoroughly competent watchmaker, has established himself in business at his residence, No. 12 Cross street, where he will take in all work tendered him. Mr. Stelzer being under no expense, can afford to work from 50 to 100 per cent cheaper than any other watchmaking establishment in the city. All work warranted to give satisfaction. Orders for work can be left at the bindery in THE BULLETIN building. Mr. Stelzer also keeps on hand a full supply of all kinds of flowers, and will take pleasure in filling orders left with him. 36-7-1-1m.

The extravagant prices demanded for feather dusters have deprived the housekeepers of moderate means of their use. Barclay Bros., by purchasing in large quantities from first hands, are now enabled to reduce the prices so as to bring them within the reach of all. They also keep every variety of window, wall and floor brushes, with long handles, which they retail at wholesale prices. 7-2-2w.

The largest and best-selected stock of FURNITURE for sale at wholesale and retail by HENRY EICHHOFF, No. 115, Commercial avenue, opposite Seventh street. 7-4-6-17-3m.

## RIVER NEWS.

**DEPARTED.**  
Steamer Atlantic and low, St. Louis  
Cherokee, Cincinnati  
Fisk, Paducah  
Ironides and low, Old river  
Charlie Pierce, Ohio river  
Ironides No. 2, Ohio river  
Jas. Coran, Ohio river  
Monongahela, Ohio river  
Ste Genevieve, Vicksburg  
Future City, New Orleans

The condition of the rivers is not materially changed, the water in both being very low, though there is a fair stage between Cairo and St. Louis.

The weather yesterday was pleasant, compared with that of a few days previous. There was a pleasant breeze prevailed all day, and light clouds obscured the sky. At the close of our report there was indications of rain.

Business was dull, as usual, boats generally getting but little freight.

**MISCELLANEOUS.**—It is reported that the T. F. Eckert has taken the contract to remove Bacon rock at the junction of the river, and will commence the work in a few days.

**CHARCOAL.**—FURNISHED AT T. J. KENT'S. 87-6-12-14.

**CHARCOAL** in any quantity to suit purchaser at T. J. KENT'S. 87-6-12-14.

**SOMETHING NEW.**—Bucks Crystal Brilliant with glass oven doors. No occasion to have burnt bread. Call and see it at T. J. KENT'S. 87-6-12-14.

**THE BEST.**—Wm. Ludwig, harness maker, corner of Eighth street and Commercial avenue, has the best supply of harness, saddles, bridles, etc., in Southern Illinois, and sells them as cheap as the cheapest. 25-5-31-1.

**MILLINERY GOODS AT COST.**—Mrs. Briggs, Commercial avenue, corner Tenth street, wishes to inform the ladies of Cairo and vicinity that for the next 30 days she will sell her summer millinery at cost. Please call and examine her goods, if you wish something fine at a low price. 82-6-17-1m.

**DR. JENNELLE** pays special attention to the irregularities of children's teeth, and to all operations for the preservation of the natural teeth in both old and young. The best references given from any part of Southern Illinois. All work warranted satisfactory. Office on Eighth street, over Stuart & Gibson's. 54-7-3-41.

**THIS barber shop** is on the corner of Eighth street and Commercial avenue where J. George Stuenkel with his gentlemanly assistants can be found at any hour of the day or night, ready to soothe your feelings with a smooth shave, or cool your temper and head with a good shampoo. It is a first-class shop, and you are sure of receiving first-class treatment. Ladies' and children's hair cut or curled for the most approved styles. 8-15-4f.

It is a fact well established that most of the ale and porter sold as genuine Scotch ale and London porter is entirely unfit for medicinal use, being but imitations. Barclay Bros., the drugists, recognizing the importance of having the genuine goods, have procured direct an invoice of McEwen's ale and Buxton porter, which can be had for medicinal purposes, at their stores on Ohio levee and Washington avenue, at moderate prices. 2w.

**WASHINGTON BAKERY.**—Mr. Joseph Roncker has taken charge of this well known establishment, and will, on and after to-day, be able to supply the public with choice bread, including Boston, Brown and Graham bread, besides cakes and confectionaries of every description. Being an experienced and skillful baker, Mr. Roncker will not fail to satisfy all who patronize him. 140 Washington avenue. 38-7-2-1m.
